What amount of income would fulfill your dreams (annual, monthly)?

How many customers could you interest in purchasing products?

How much would these customers purchase (annual, monthly)?

How many people could you interest in supplementing their income with their own business?

**Fig. 8b**

STEP 1	STEP 2	STEP 3	STEP 4	STEP 5
<p><b>How does a dream come true? It starts with customers brought to Quixtar by you. They may purchase products as Clients at Suggested Retail and you keep the basic discount or they may become Members to buy at a significant discount and you profit from a Performance Bonus paid on their sales volume. The basic discount is the difference between the price you pay for the products and the suggested retail price. If your customers were evenly divided between the two participation levels, your income would be:</b></p>				
<p><b>You were comfortable with:</b></p>				
<p><b>that purchased:</b></p>				
<p><b>Total volume purchased:</b></p>				
<p><b>This results in a retail mark-</b></p>				
<p><b>up of:</b></p>				
<p><b>and a Performance Bonus of:</b></p>				
<p><b>If you did this every month,</b></p>				
<p><b>your annual income would be:</b></p>				
<p><b>10 customers</b></p>				
<p><b>\$50 per month</b></p>				
<p><b>\$500.00</b></p>				
<p><b>\$75.00</b></p>				
<p><b>\$14.66</b></p>				
<p><b>\$1,076.00</b></p>
